Summary

Full Stack Developer with 9+ completed projects and strong expertise in front-end development using HTML5, CSS3, and JavaScript. I build clean, responsive, and user-friendly web pages that work smoothly across all devices and browsers. I pay close attention to page structure, styling, and interactive features to deliver a polished user experience. On the back end, I have practical experience with Laravel, PHP, and MySQL, creating secure and database-driven applications. I am currently learning React and Node.js to further strengthen my skills. I am a detail-oriented and dedicated developer who enjoys turning ideas into reliable, high-quality websites.

Professional Experience

Full Stack Developer, At Softdap

11/2025 – 08/2026

Remote

- Developed responsive, user-friendly websites and web applications using HTML5, CSS3, and JavaScript, with secure back ends built on Laravel, PHP, and MySQL
- Completed 3+ projects from design to deployment, including a restaurant point-of-sale application, while continuing to learn React and Node.js

Frontend Developer, Codifying Tech

12/2025 – 01/2026

remote

- Designed and built responsive websites with HTML5, CSS3, and JavaScript, including interactive features such as menus, forms, and sliders
- Ensured layouts work smoothly across mobile, tablet, desktop, and different browsers, using clean, reusable code

Education

Secondary School Certificate (SSC), Science - Biology,
Mama Baby Care School

08/2022 – 06/2023

F.Sc. Pre-Engineering, St. Lawrence Government Girls Degree College
Studied Mathematics, Physics, and Chemistry, with a focus on problem-solving and analytical thinking

08/2023 – 06/2025
Karachi , Pakistan

Skills

Front-End Development

HTML5, CSS3, JavaScript, Responsive Design, Cross-Browser Compatibility

Databases

MySQL, MongoDB

Back-End Development,

PHP, Laravel, C#, ASP.NET [↗](#)

React and Node.js

Component-based UI development, server-side JavaScript

Languages

- English
- Urdu

Certificates

Advanced Diploma in Software Engineering (ADSE), In Progress

- Pursuing a professional software engineering program covering front-end development (HTML, CSS, JavaScript), back-end development (PHP, Laravel, ASP.NET [↗](#), C#), and databases (MySQL, MongoDB)
- Gained hands-on experience building web applications through e-projects, applying skills from design to deployment
- Participated in Techwiz and Vision, competitive events that involved teamwork, problem-solving, and project presentation
- Currently learning React and Node.js
